### **OUR STORY**

The Scribblers were born in a land 192 pages away, during a time where businesses were drawing blanks and marketing budgets were spiralling quickly out of control.

Using their scribbling expertise, by gathering their notes together and by binding them with a simple, yet stylish cover, they soon realised that they created an everlasting scribbling book, where note takers could remember facts and information. They called it Scribble notebook, a tribute to all Scribblers!

They soon took to perfecting it, by gluing an expendable pocket at the back to help scribblers to store important papers, by adding an elastic strap to keep the notebook closed, by inserting a pen holder to keep a pen always handy, and more... and to satisfy the taste of all the Scribblers, they also designed the notebooks in various sizes, which made them more convenient to carry around.

### VISION

To disrupt the market with new and exciting notebooks, notepads, diaries, and unique gift items to help brands captivate their client's attention!

### **MISSION**

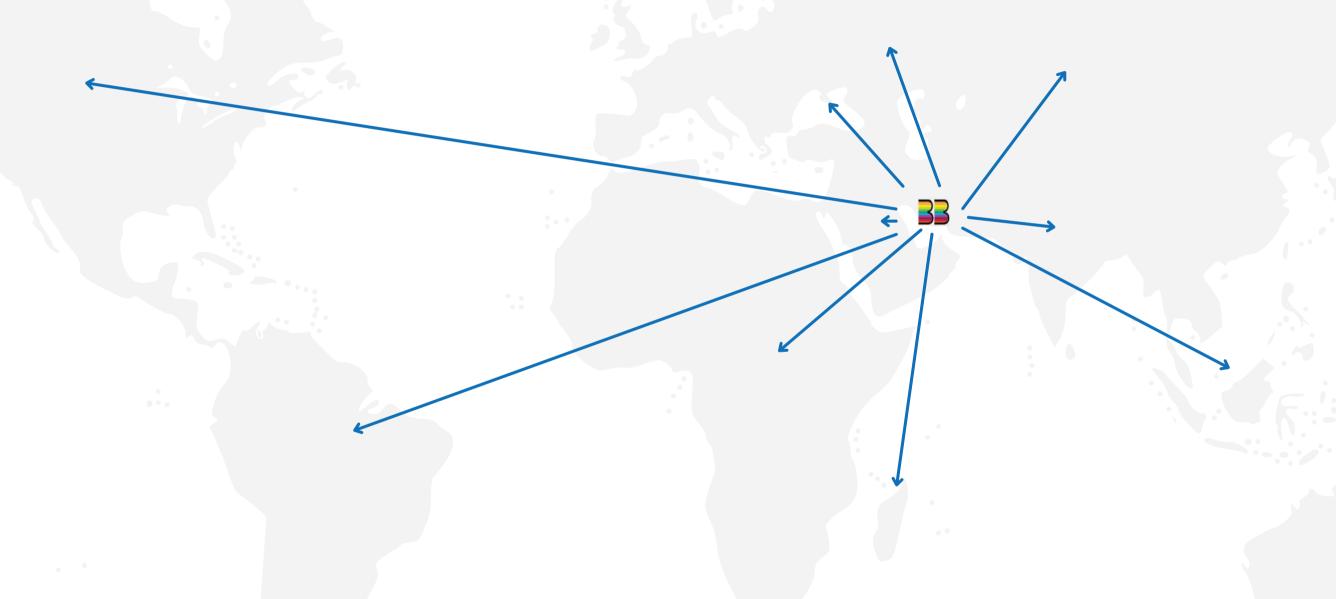

To harness human creativity and the power state of the art machinery to deliver unique products, that will drive greater client returns.

### **VALUES**

- Honesty
- Transparency
- Customer Focus
- Quality
- Innovation

### EXPORTING WORLDWIDE!

### OUR PAPER

Scribble uses environmentally friendly paper that is sourced from sustainable sources and adheres to strict international guidelines for the preservation of the world forests and ecosystems.

### CHEMICAL-FREE PLATES

The Scribble printing team utilizes chemical-free plates which drastically lessen the use of chemicals, as well as eliminate silver in wastewater.

### **OUR INK**

Scribble prints all it's notebooks, notepads and diaries using green inks, which significantly reduce the amount of volatile organic compounds released into the air during the printing process.

### RECYCLING

All paper and grey board wastages are sent to a certified company for recycling.

### QUALITY PU LEATHER SEWN BOOKS

Scribble uses high quality and durable PU leather, that are ideal for hot stamping, foiling, UV and screen printing.

### EUROPEAN INK

We utilize gree European ink to print all our diaries and notebooks which also helps the environment.

Unlike other manufacturers, our notebooks, notepads and diaries are smith sewn and not perfect binded, which makes them more durable.

### RIBBON MARKER

A ribbon bookmark is a must when it comes to our notebook and diary finishing process; which not only gives the product a nice finish, but also help the consumer finds the page, where he left off!

### SMOOTH PAPER

We use premium quality, smooth cream (Ivory) or wood free white paper for all products; which makes them perfect to Scribble on.

### HEAD & TAIL

All our journals, agendas and writing pads are decorated with head & tail headbands that are placed at either side of the books.

### DISTRIBUTOR 11

### DISTRIBUTORS NEEDED!

Scribble is actively looking for distributors, in various countries, and regions across the World, to distribute its Notebooks, Notepads, Diaries, as well as its Scribblicious collection that is perfect for retail, and stationery shops.

### WHY US?

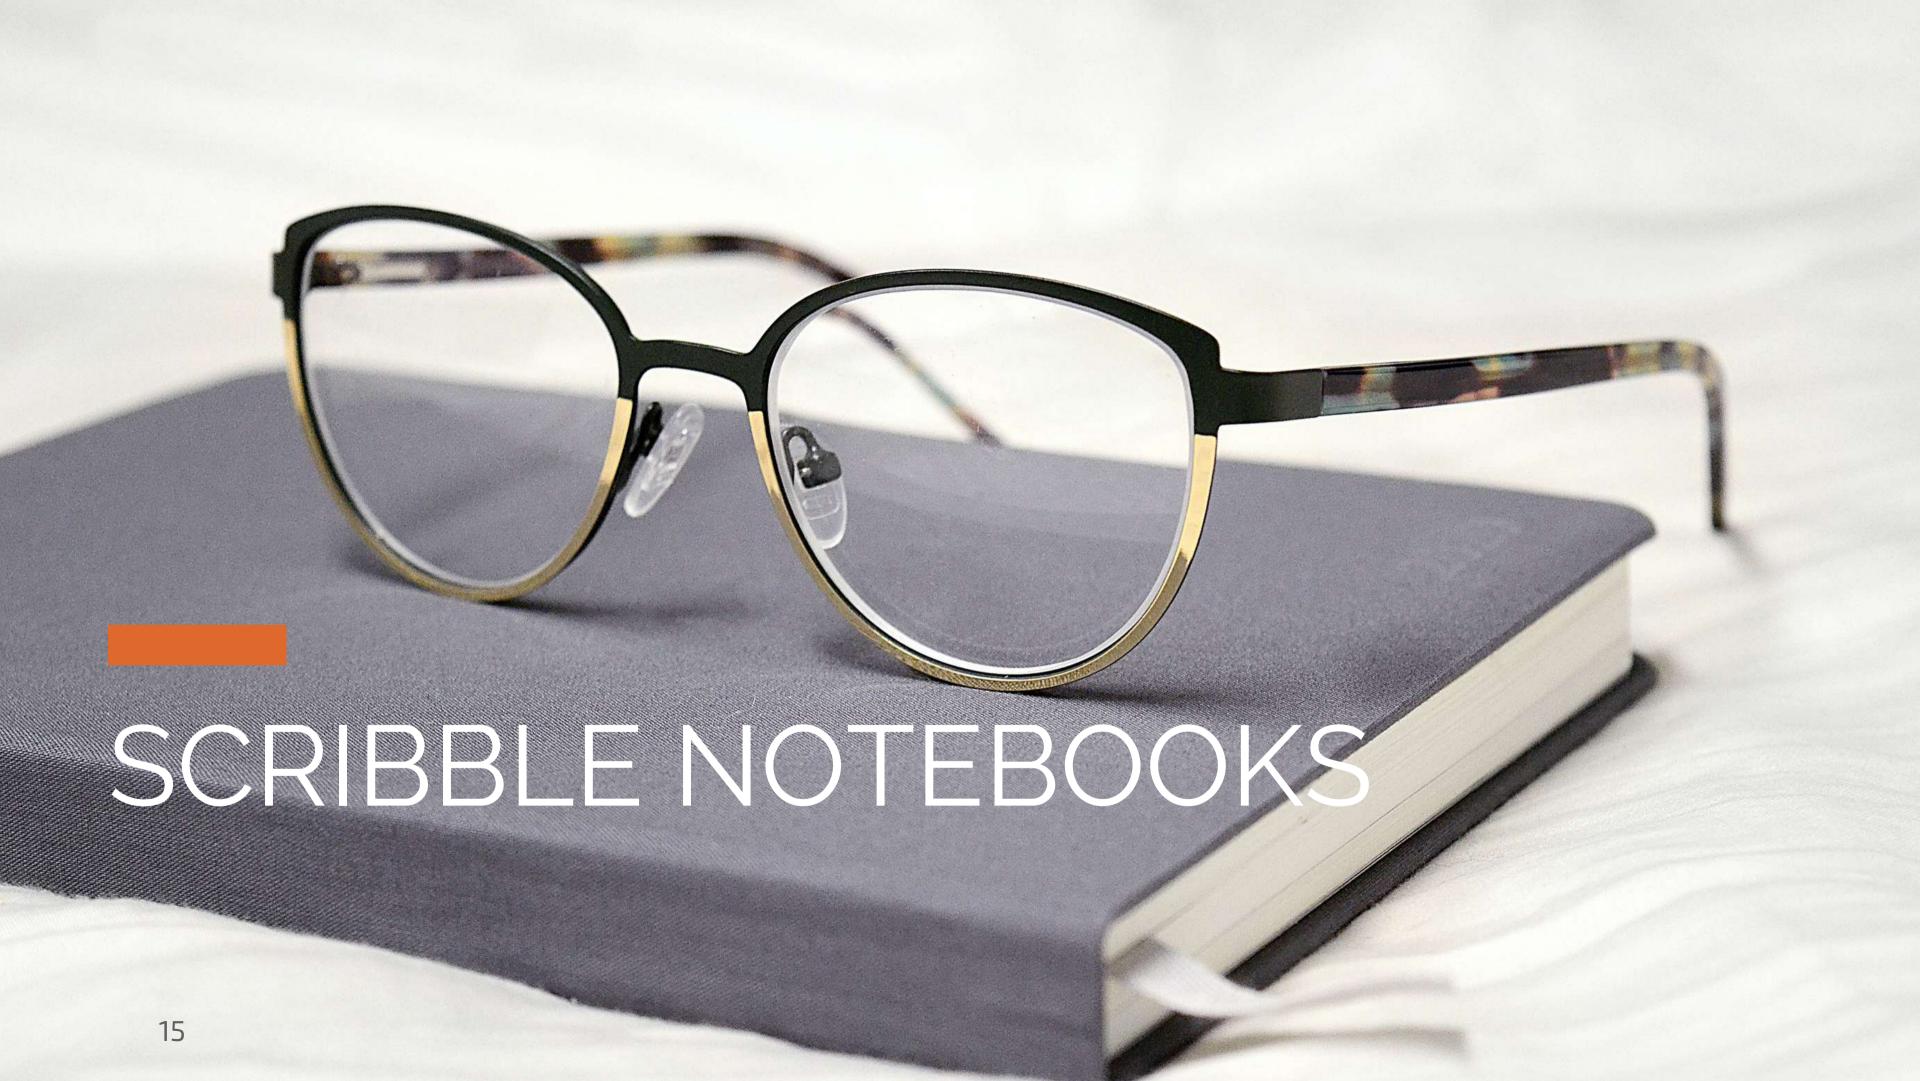

- We supply 250+ quality products to choose from.
- Our products provide agencies with a unique opportunity to sell directly to corporate companies, as well as to retailers.
- We provide distributors with constant sales and technical support to help them win new long term customers and contracts.
- Depending on a distributor's record, Scribble may grant agencies exclusivity in a city, country or region.
